FIRE ACTIVITY

Cal OES Fire Preparedness Levels

National	Northern California	Southern California
Preparedness Level 4	Preparedness Level 4	Preparedness Level 3
	Multi-Agency Coordination System MACS Mode: 3	Multi-Agency Coordination System MACS Mode: 2

Island, Vegetation Fire, Siskiyou County

Location: 14 miles W of Etna, Marble Mountain Wilderness

Jurisdiction: FRA

Per Cal OES Duty Officers and ICS-209 as of 08/08/17 at 1711 hours:

- 1,470 acres, 21% contained
- Expected Containment: 10/01/17
- Minor fire activity – confine and contain strategy

Orleans Complex, Vegetation Fire, Siskiyou County

Location: Ukonom Mountain and Siskiyou Wilderness

Jurisdiction: FRA

Per Cal OES Duty Officers and ICS-209 as of 08/08/17 at 1759 hours:

- 5,033 acres, 11 % contained
- Expected Containment: 09/30/17
- Line construction and structure protection of Ukonom Mountain Lookout

Mission Tasking

2017-Coastal-37716: The California Air Resources Board (ARB) is scheduled to complete a site visit in Orleans, Humboldt County to

- ARB is moving the monitor from Quartz Valley, Siskiyou County to Orleans, Humboldt County.
- Once complete, ARB will be going to Hoopa, Humboldt County to calibrate and install a modem on the tribe's monitor.
- AQMD's monitor will be deployed to Willow Creek, Humboldt County once it is repaired

Cal OES
GOVERNOR'S OFFICE
OF EMERGENCY SERVICES

FIRE ACTIVITY

Clear, Vegetation Fire, Siskiyou County

Location: 2 miles east of Bear Peak, 10 miles SW of Happy Camp

Jurisdiction: FRA

Per Cal OES Duty Officers and ICS-209 as of 08/08/17 at 1730 hours:

- 6,400 acres, 47% contained
- Expected Containment: 09/01/17
- Fire is burning in Timber and litter understory
- Air quality is forecasted to be unhealthy during the day and potentially very unhealthy overnight in the community of Happy Camp.

Parker 2, Vegetation Fire, Modoc County

Location: Parker Creek Rd, 12 miles E of Alturas

Jurisdiction: DPA, FRA, Modoc National Forest

Type 2 IMT

Per Cal OES Duty Officers and ICS-209 as of 08/09/17 at 0600 hours:

- 8,079 acres, 30% contained
- Expected Containment: 08/13/17
- 415 single residences threatened
- 1 other minor structure destroyed
- Much of the fire area received moderate to heavy precipitation from a nearly stationary thunderstorm cell.
- The wetting of the fuels minimized any observed fire behavior.
- Fire behavior observed is best characterized as creeping and smoldering.

Shelters

- Cedarville Senior Center 502 Main Street, Alturas has been placed on stand by as of 8/5/2017

FIRE ACTIVITY

Modoc July Complex, Vegetation Fires, Modoc County

Location: Northern Modoc National Forest

Jurisdiction: FRA

Start Date: 07/24/17

Per Cal OES Duty Officers and ICS-209 as of 08/09/17 at 0602 hours:

- 83,109 acres, 91% contained
- Expected Containment: 08/16/17
- 156 single residences threatened
- The predicted thunderstorms, lightning strikes and the potential for numerous new fire starts could pose a control problem for fire fighters.
- Strong and erratic winds associated with the thunderstorms can impede control efforts near the fires edge.
- The potential for spotting and severe fire behavior continues to exist.

Deployments

- 2 Cal OES Fire and Rescue Branch Assistant Chief assigned
- 2 Cal OES PSC Technicians assigned

Resources Assigned

- 26 Local Government Engines
- 2 Local Government Water Tenders
- 14 Cal OES Engines

FIRE ACTIVITY

Poslin, Vegetation Fire, Lassen County

Location: Scott Rd, 9 miles south of Doyle

Jurisdiction: Federal DPA, FRA/SRA

Time: 08/06/17 at 1952

Per Cal OES Duty Officers and ICS-209 as of 08/08/17 at 1822 hours:

- 859 Acres, 80 % contained
- Expected Containment: 08/09/17
- Moderate rate of spread
- Fire is impacting Hwy 395 and Hwy 70
- 12 Structures and communication site at Mt. Adams threatened
- Life safety concerns on Scotts Rd. as this is the primary escape route for the community may be compromised

Minerva 5, Vegetation Fire, Plumas County

Location: Forest Rd. 24N26, 3 miles SW of Quincy, CA

Jurisdiction: FRA

Per Cal OES Duty Officers and ICS-209 as of 08/09/17 at 0601 hours:

- 4,310 acres, 91 % contained
- Expected Containment: 08/12/17
- 300 single residences, 20 multiple residences, 15 mixed commercial/residential, 10 nonresidential commercial property, 50 other minor structures threatened
- Mop-up and suppression repair continues

Deployment

- 1 Cal OES Fire and Rescue Branch Assistant Chief assigned

FIRE ACTIVITY

Empire, Vegetation Fire, Mariposa County

Location: 1 Mile South Bridalveil Creek Campground

Jurisdiction: FRA

Type 3 IMT

Per Cal OES Duty Officers and ICS-209 as of 08/08/17 at 1731 hours:

- 477 acres, 0% contained
- Expected Containment: 10/31/17
- Fire is burning in timber litter and understory
- Minimal to moderate fire behavior

Mission Tasking

- 2017-Inland-37776 – 2 Air Monitors for Mariposa County

Whittier, Vegetation Fire, Santa Barbara County

Location: Lake Cachuma area, south of Hwy 154

Jurisdiction: Federal DPA, FRA, Los Padres National Forest

Per Cal OES Duty Officers and ICS-209 as of 08/08/17 at 1847 hours:

- 18,430 acres, 87% contained
- Expected Containment: 08/30/17
- 16 single residences and 30 minor structures destroyed
- 1 residential and 6 minor structures damaged
- 1 Sheriff vehicle destroyed
- Mop up, patrol, improve existing lines

WEATHER OF CONCERN

Weather of Concern

- Low pressure will produce severe thunderstorms and possible flash flooding for portions of Northern California mountainous areas.

Active Weather Warnings, Watches and Advisories by County:

- <https://alerts-v2.weather.gov/counties/CA>

WEATHER SYNOPSIS BY REGION

NORTHERN CALIFORNIA

Scattered Thunderstorms with Moderate Rainfall near the Higher Terrain Daily through Thursday

Drier with more Wind from the Cascade-Sierra Crest East Beginning Friday, Increasing the Chance of Emerging Holdover Fires

Moist unstable conditions will continue over the region through today with some decrease tomorrow. Temperatures will be near normal with fairly high humidity. Showers and thunderstorms will mainly occur near the higher terrain, from Lake County north in western areas, from northern Shasta County north in the central areas, and all areas in the east, especially near the Cascade-Sierra crest eastward. Tomorrow showers and thunderstorms will mainly be confined to far northern and far eastern areas. Recent reports from RAWS that have taken a direct thunderstorm hit indicate rainfall amounts of at least 0.50 inch are possible, but dry strikes and new ignitions are also possible in areas that have not had any rain yet. Outflow winds from any storms could reach 30-40 mph and would affect fire behavior and suppression activities on nearby fires. The potential for significant fires will remain elevated, but higher relative humidity (RH) and potential rainfall will keep that potential below High Risk criteria. Friday and Saturday thunderstorm chances will be minimal and most likely to be near the Oregon state line. Afternoon S to W winds will begin to increase from the Cascade-Sierra crest east with corresponding humidity drops, increasing the chances for holdover fires becoming more active and spreading.

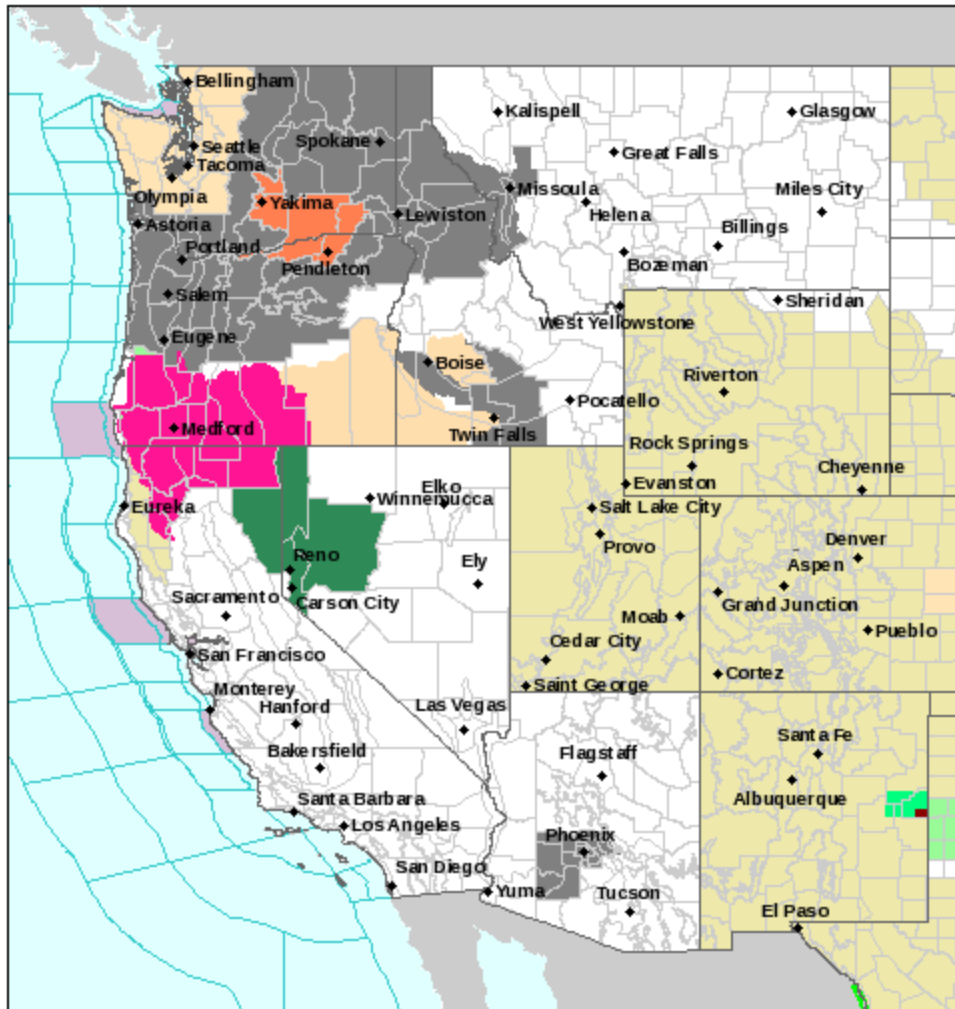

A trough is expected to move ashore over the weekend and linger early next week with cooler temperatures and much more wind than we've seen for some time in all areas. A chance of afternoon and evening thunderstorms will return then to the eastern mountains as well.

SOUTHERN CALIFORNIA

A weak trough across the northern part of the state will maintain onshore flow today. This will result in widespread night and morning low clouds along the coast with breezy conditions in and near the desert. Temperatures will remain near seasonal averages today. Southwest winds of 15-25 mph will be possible across the Antelope Valley and Banning Pass during the afternoon hours. Highs will range from the 70s at the coast to the lower 90s in the valleys to 109 in the deserts. Minimum RH will generally fall into the upper teens below 8,000 feet away from the marine layer each day through the end of the week. One or two showers and wet thunderstorms will be possible near the Sierra Crest eastward into the Inyo N.F. today. A slight warming trend is expected tomorrow and Friday with temperatures climbing 3-5 degrees over most areas. It may turn breezy along the central coast and the Kern County Mountains toward the end of the week. Isolated thunderstorms will be possible across the far eastern deserts starting tomorrow, but no thunderstorms are expected across the rest of the district for the next several days

GOVERNOR'S OFFICE
OF EMERGENCY SERVICES

Cal OES LAW ENFORCEMENT MISSIONS

Ongoing Cal OES Law Missions

- **2017-LAW-37855, 08/06/17, 2053 hours**, The ARFRCC reported a PLB activation in Fresno County. The coordinates plotted into Kings Canyon National Park and therefore contact was made with their dispatch and the mission was forwarded to them. The device's registered owner was a young adult female and per the emergency contact, her mother, was out on a hike. **Mission Ongoing**
- **2017-LAW-37865, 08/07/17, 1315 hours**, Inyo County requested the California Air National Guard (CANG) for a helicopter mission at 13,900' elevation. A man and wife were rock climbing in the Palisades and the male had fallen and was deceased. CHP's helicopter was unable to perform the rescue and the female was unable to extract herself from the location. CANG deployed and arrived in their CH-47 at the Bishop Airport for an incident briefing. It was determined at this incident briefing that a Yosemite Search and Rescue (YOSAR) helicopter would be the best approach for affecting the rescue. Inyo County requested YOSAR and they were able to bring the female to safety. All CANG assets were released. Inyo County advised that YOSAR would be recovering the deceased husband at first light on 08/08/17. **Mission Ongoing**
- **2017-LAW-37897, 08/07/17, 1911 hours**, AFRCC contacted the California State Warning Center about an ELT that had been sounding since 1000 hours on 08/07/17. The most recent occurrence was at 1800 hours and it was coming from an area northeast of the Oakland Airport. The AFRCC contacted the Civil Air Patrol (CAP) and then the CSWC. The LDO made contact with CAP and confirmed receipt of the mission. CAP initiated assignment and began to investigate. **Mission Ongoing**

Cal OES MISSION TASKING

Cal OES Missions

- **2017-SOC-36209:** Two Public Assistance (PA) Coordinators from the state of New Jersey have been assigned to California through the Emergency Management Assistance Compact (EMAC) system. **UPDATE:** Two PA Coordinators (Team 1) returned safely home on 07/28/17. Two PA Coordinators (Team 2) will provide support at the Sacramento JFO beginning 07/31/17.
- **2017-Cal OES-35819:** Twelve Caltrans engineers requested to conduct damage and site inspections throughout the state for impacts related to 2017 February Winter Storms. The lead engineer will report to the Joint Field Office to coordinate the response.
- **2017-SOC-37393:** Mission for air monitoring from the ARB (Tuolumne OA)
- **2017-Inland-37583:** DTSC Hazardous Waste Task Force (Mariposa OA)
- **2017-Inland-37584:** CalRecycle Debris Management Task Force (Mariposa OA)

Cal OES

GOVERNOR'S OFFICE
OF EMERGENCY SERVICES

Mission:

We protect lives and property, build capabilities, and support our communities for a resilient California.

We achieve our mission by serving the public through effective collaboration in preparing for, protecting against, responding to, recovering from, and mitigating the impacts of all hazards and threats.
